

Early identification of type 1 diabetes—the gateway to intervention

Register Now

We are pleased to invite you to an upcoming accredited program on type 1 diabetes (T1D) early detection and emerging disease-modifying therapies.

The learning program is developed to address identified educational needs surrounding:

- Early-stage T1D and associated risk factors
- Rationale, benefits, and limitations of early T1D screening
- Emerging disease-modifying therapies for early-stage T1D

Please find the event details and registration link below. It would be a pleasure to have you at this event if you are available. Thank you for your consideration.

EVENT DETAILS

Date: October 6, 2026

Time: 6:30 – 7:30 PM MT

Speaker: Dr. Joanna Holland

Moderator: Esmond Wong, RPh

Format: In-person group-learning event

Location: ONE18 Empire
820 Centre St SE
Calgary, AB, T2G 5J2

REGISTRATION

Register for this upcoming activity by scanning the QR code:

LEARNING OBJECTIVES

Upon completion of this educational activity, participants will be able to:

- Explain the immunology, epidemiology, natural history, and progressive stages of T1D
- Describe the rationale and methods for identifying individuals at risk for developing clinical T1D
- Evaluate the potential role of emerging therapies in prevention of clinical T1D and early-stage care
- Consider practical aspects of screening, monitoring, and supporting individuals in early-stage T1D

PROGRAM ACCREDITATION

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the Canadian Society of Endocrinology and Metabolism (CSEM). You may claim a maximum of 1 hour (credits are automatically calculated).

This program is co-developed by the CPD Network and the CSEM with an unrestricted educational grant provided by Sanofi Canada, and planned independently to achieve scientific integrity, validity, and balance.
