DIABETES CANADA 2025 GUIDELINE UPDATE

T1D Glycemic Management Across the Lifespan

Wednesday, September 24th, 2025

6:00–9:00 p.m. MT

Hudson, 200 8 Ave SW 6th floor,
Calgary, AB T2P 1B5

LEARNING OBJECTIVES

1. **Identify practice-changing updates** in the 2025 Diabetes Canada Guidelines for Glycemic Management in T1D
2. **Understand the evidence for adjunctive therapies and automated insulin delivery (AID) systems** across various populations and outcomes
3. **Implement updated recommendations** using practical tools to improve glycemic control and patient-reported outcomes for people with T1D
